YUGNT HIMEN

Yugnt geyt foroys! Youth marches forward!

Undzer lid iz ful mit troyer
Dreyst iz undzer muntergang.
Khotsh der soyne vakht baym toyer
Shturemt yugnt mit gezang.

Chorus:

Yung is yeder, yeder, yeder ver es vil nor
Yorn hobn kayn batayt
Alte kenen, kenen, kenen oykh zayn kinder
Fun a nayer, frayer tsayt.

Ver es voglt um oyf vegn,
Ver mit dreystkayt shtelt zayn fus,
Brengt di yugnt zey antkegn
Funem geto a gerus.

Chorus

Mir gedenken ale sonim
Mir dermonen ale fraynd.
Eybik veln mir farbindn
Undzer nekhtn mitn haynt.

Our song is full of sorrow,
But brave is our cheerful step.
Though the enemy looms at the gate
Youth storms forth with their song.

Chorus:

Young is everyone who wants to be
Years have no meaning
The old can be children too
In a newer, freer time.

Those who wander the roads,
Those who set forth with a bold step,
Youth goes out to meet them
With a greeting from the ghetto.

We remember all of our enemies,
We recall all of our friends.
We will forever connect
Our yesterday with today.
